

The
Lions International Trading Pin Club
Presents The Pin Series

The Wonderful World of Water

2018 - 2020

Edited & Published by
PCC William A. "Bill" Smith

We would like to acknowledge and thank Ms. Holly Hamilton of River Valley Pin Creations, Williamsburg, PA, for developing the *Wonderful World of Water Logo* that we will be using on this and future updates. Ms. Hamilton is a graduate of The Greater Altoona Career & Technology Center and The Art Institute of York, where she earned her bachelor's degree. After graduating, and with the help of the Pennsylvania Career Link, she became an intern at River Valley.

IMPORTANT - PLEASE READ

Guidelines

THE WONDERFUL WORLD OF WATER

1. All pins issued with the theme of the series between 1 July 2018 and 30 June 2020 will be eligible for the catalog.
2. If you did not issue the pin yourself and the pin or pins are issued by an individual Lions club or other Lions entity, or a non-pin trader, it is YOUR responsibility to obtain the needed permission to include the pin in the catalog. Consideration of whether the issuer has a sufficient quantity to meet the needs/desires of the pin traders is always an important factor.
3. Monthly updates will be issued if the number of new items is sufficient. Generally, updates will be issued during the last week of a month and the pins included therein are intended to reflect the items that will be available at the next pin swap.
4. Every effort should be made to keep the number of pins in a given set to a maximum of 12.
5. Over the years, the biggest complaint about a series has been a set with a single image and only a color change on each pin. There was a distinct improvement during the Animal & Trains (A&T) Series and we trust that this feature will be completely eradicated in this series. To that end, we urge that when you are developing sets to please remember that with this advance notice, it is our intent to enforce the rule that **if all pins in a set are identical except for a color difference, we will show only one pin and merely list the other participants by name.** We did make a couple of exceptions during the A&T Series when it was noted that some sets were ordered well in advance of their introduction in order to take advantage of price breaks for quantity discounts. Once again this advance notice should make those exceptions unnecessary.
6. In selecting the participants in a set, **please avoid** including non-pin traders or individuals who rarely, if ever, attend the various swaps or conventions.

WONDERFUL WORLD OF WATER (Cont'd)

7. There are no objections to cartoon type pins provided they are in good taste and do not violate trade mark and/or copyright provisions. Should there be any questions or objections whatsoever to your using such images, it will be YOUR responsibility to resolve the question. This is a serious matter which could have a significant financial burden on you if you choose to ignore it.

8. In order to maintain a high degree of quality in the production of updates, we will NOT accept pictures of pins or artwork of pins for inclusion in the catalog as a substitute for the actual pin. In this connection, you should be prepared to provide one of each pin you wish to have included in a particular update to PCC Bill Smith, 3643 Osborne Drive, Warrenton VA 20187. He will buy or trade for the pins, based on your desires, or if you wish, will return the pins provided you are agreeable to pay the postage for returned pins.

9. Pins which depict items that can be associated with the water will be accepted for this series. However, this series **will NOT include MILITARY ships, boats, or submarines.** Those subjects were adequately covered in a previous series. Examples of items that are acceptable are sailboats, all items related to fishing, including fish (sea and fresh water), lures, rods and reels, anchors, buoys, cruise ships, water birds, water falls, all ocean creatures, ice related items. If you have any questions whatsoever about the eligibility of the subject of a pin, we urge you to contact PCC Bill Smith prior to ordering your pin. Lion Bill can be reached by email on tabs52@comcast.net or by telephone on 540-349-2748.

NOTE: Amos Shatzer is the Contact.

WONDERFUL WORLD OF WATER

Aug 2018

The Sinking of the Titanic. This one will require some attention to details if you are going to be successful in obtaining these pins. The intent of the originators was that this would be basically a two pin set that when joined together, with the iceberg in the rear, you would have the Titanic as it looked before it hit the iceberg. Separately, you would have the rear (Stern) and the front (Bow). The Stern would be traded by one couple and the Bow by another. Well, when the pins arrived they were joined by a hinge and did not separate. This was NOT satisfactory to the originators of the pins. Thus, a second set was ordered and the Bow and Stern were definitely two distinct pins. The originators decided to trade both versions. Now that I've probably confused you, here are the two versions that you will need to collect to (hopefully) have both sets. .

WW 0031 18
Jason Radmann & Amos Shatzer (PA)

NOTE: This is the pin on a hinge and does not separate. It will swivel and you can see the iceberg in the background much better. Both Lions Jason and Amos will be trading this one.

NOTE: This is the same pin as the pin on the left. It is shown here so you can see what it looks like when hinged downward.

WW 0032 18
Jason & Trisha Radmann (PA)

NOTE: This is the stern section of the Titanic and is traded separately by Lions Jason and Trisha.

WW 0033 18
Amos & Kay Shatzer (PA)

NOTE: This is the bow section of the Titanic and is traded separately by Lions Amos and Kay.

NOTE: This is the image of the two separate pins together. Once you have traded with Lions Jason and Trisha for the stern and Lions Amos and Kay for the bow, you will have the whole Titanic, as shown above.

ATTENTION SANTA & MUSICAL NOTE COLLECTORS. Yes, that is Santa on the bow of the Titanic so you will want to have the pins for that collection also. For you Musical Note Collectors, if you take a magnifying glass, you may very well find small musical notes on the smoke stacks.
