

Attached you will find a corrected page OW 2 and a new page OW 2-A. If you will remove the original page OW 2 issued in the Initial Catalog and insert these two pages, you will have the complete presentation of “The Wagon Wheel.” The original presentation was based on artwork which did not properly reflect the actual pins.

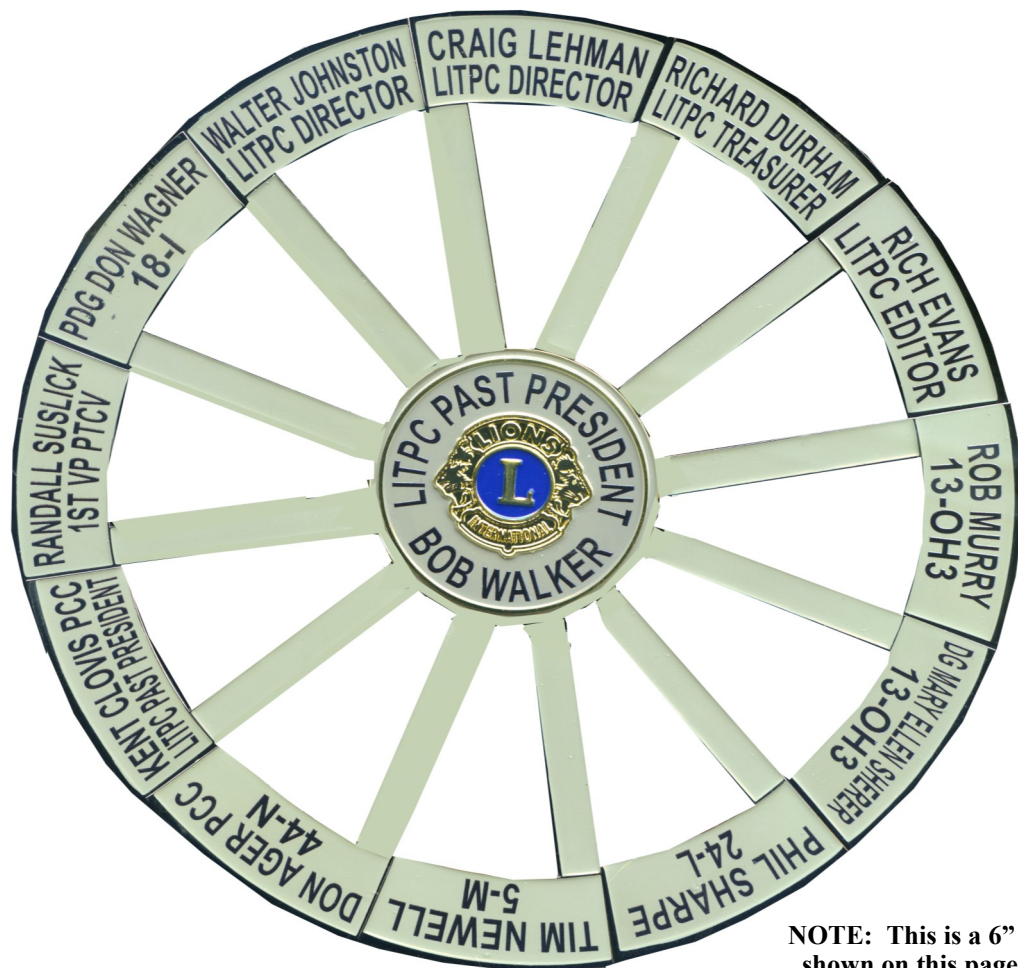

Also attached is Update #2 with the pins we hope will be traded at the Northeast Swap. Our next update is planned for publication prior to the Western States Swap, which is 13-16 October. I will need, in my hands by **8 October, any pins you wish to have in the update.**

Northeast Pin Swap Pins

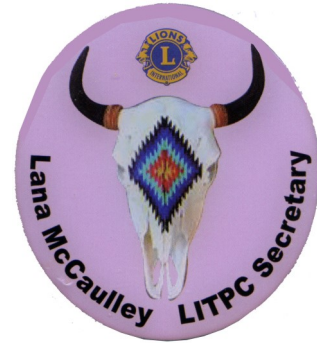

NOTE: Although these two pins are not necessarily the subject of the Wild West, we are including them as a service to those who will be at the Swap and will want to know what the pins are for the Northeast Pin Swap. However, they have not been assigned a pin number out of respect for those of you who will be collecting all of the numbered Wild West pins.
