**MULTIPLE DISTRICT 24  
Pin Traders Club of Virginia (PTCV) - Special Issues**

Jan 2019

The Membership Train was introduced at the 2018 Virginia Lions State Convention to recruit new members and draw attention to the new Virginia districts which begin on July 1, 2018. Each new member and their sponsor received a complete train when the new member signed up for 2 years! Due to overwhelming response, a second production run was made. The yellow coloring of the "L" car is less vibrant on the second production run when compared to the initial run. The difference is only readily obvious if both runs are viewed side by side.

**PT 0646 18  
Most Elusive Pin  
Survey Participant**

In 2018, the PTCV issued a challenge to pin traders to submit their listing of the most elusive Virginia pins. This included state, district, club, personal, and pin trader pins. All who submitted their responses by the deadline received the above pin as a reward for their efforts. According to the official results, only 46 traders (30 in Virginia and 16 outside of the commonwealth) took up the challenge and received pins. All surplus pins that were manufactured were destroyed, thus making this another elusive pin!
