

MOST ELUSIVE VIRGINIA PINS - 2018

We want to THANK YOU for participating in our poll taken to determine the most elusive pins issued by the Lions of Virginia. As we promised, and as a token of our appreciation for your participation, you have already or will receive in the near future the beautiful pin that was designed exclusively for this project by Lions Harry Fulwiler and Curt Barnhill. The pin is shown below:

We hope that you will keep this pin with your other PTCV pins. Since it is NOT being given to anyone who didn't participate in the poll, this will no doubt become a highly prized and collectible issue for the future.

Our thanks go to one of our PTCV Directors, Lion Mary Lou Newman, for her dedication and work on this project, including the tabulation of the results of the poll. We would be remiss if we didn't recognize Lion Harry Fulwiler, III. It was Lion Harry's idea in the first place, and as we have already noted, he worked very closely with the co-designer (Lion Curt Barnhill) on the pin shown above to give us one of our very finest issues in the 36 years of our existence. Both Lions Harry and Curt are Founding Members of the PTCV and have remained extremely active in most of our activities. Here, in alphabetical order, are the participants in the poll and are the exclusive owners of the participation pin:
